Catch Curve Adds DICOM (owner of TOPCALL), FaxBack and RingCentral as New Licensees

Wednesday January 17, 7:00 am ET

ATLANTA--(BUSINESS WIRE)--Catch Curve, Inc., an intellectual property development and licensing firm, today announced that DICOM Group (owner of TOPCALL International), FaxBack, Inc. and RingCentral Inc. have each taken licenses to the AudioFAX(TM) patent portfolio. The license with DICOM settles a patent infringement lawsuit, and the license with FaxBack is an enhanced license. Specific terms of the licenses are confidential.

The AudioFAX patents cover a broad range of inventions that incorporate fax store-and-forward technologies. These technologies are used in products and services such as fax-to-email, fax broadcasting, fax-on-demand and "real-time" fax over the Internet.

Since its inception, the AudioFAX Patent Licensing Program has licensed this technology to over 50 companies, including AT&T, MCI, Cisco, Sprint, WorldCom, NEC, Cable & Wireless, 3Com, j2 Global Communications, Mitel, Intervice, LogicaCMG, Siemens, Premiere Global Services (formerly PTEK), Glenayre, Esker, Biscom, TOPCALL and Interactive Intelligence, among others.

Companies interested in a license to the AudioFAX patents may contact Michael McLaughlin or Ryan Strong of IPinvestments Group at 404-962-8740, or via email at mmclaughlin@ipinvestmentsgroup.com and rstrong@ipinvestmentsgroup.com.

About Catch Curve
