Catch Curve Executes Two More License Agreements to the AudioFAX Patent Portfolio

ATLANTA--(BUSINESS WIRE)--Catch Curve, Inc., an intellectual property development and licensing firm, today announced that 3CX Ltd. and Intermedia, Inc. have both taken licenses to the AudioFAX™ patent portfolio. Under the license agreements, the new licensees have obtained a non-exclusive license to use the AudioFAX technology. Specific terms of the license agreements were not disclosed.

The AudioFAX patents cover a broad range of inventions that incorporate fax store-and-forward technologies. These technologies are used in products and services such as fax-to-email, fax broadcasting, fax-on-demand and “real-time” fax over the Internet.

Since its inception, the AudioFAX Patent Licensing Program has licensed this technology to over 55 companies, including AT&T, MCI, Cisco, Sprint, WorldCom, NEC, Cable & Wireless, 3Com, j2 Global Communications, Mitel, Captaris, Intervoice, LogicaCMG, Siemens, Premiere Global Services (formerly PTEK), Glenayre, Esker, Biscom, and Interactive Intelligence, among others.

Companies interested in a license to the AudioFAX patents may contact Michael McLaughlin or Ryan Strong of IPinvestments Group at 404-962-8740, or via email at mmclaughlin@ipinvestmentsgroup.com and rstrong@ipinvestmentsgroup.com.

About Catch Curve

Catch Curve, Inc. is an intellectual property development and licensing company focused on communications and messaging technologies based in Atlanta, Georgia.
