"We are pleased and excited to have a world leader such as Mitel as a licensee," said Mark Bloomfield, managing director of **AudioFAX**. "It is a tremendous compliment to the **AudioFAX** patent licensing program to have Mitel as a licensee, and further demonstrates the value and importance of these pioneering fax processing patents."

"Mitel is glad to have reached an agreement with **AudioFAX** regarding its fax patents," said Michael Berlin, General Manager and Vice President of Baypoint Innovations, Mitel's Advanced Messaging Division. "The **AudioFAX** patent licensing team was truly professional throughout all phases of our negotiations."

with include AT&T, MCI Telecommunications, Cable & Wireless, FaxNet Corp. (now part of Critical Path), Omtool, Premiere Technologies, Boston Technology (now part of Comverse Technology), Delrina Corporation (a subsidiary of Symantec), Digital Sound Corporation (now known as PulsePoint Communications), FaxSav (now part of Mail.com), Bazillion, UNIFI Communications, VoiceCom Systems and Xpedite (now part of PTEK Ventures).

AudioFAX IP LLC was established to license and administrate its telecommunications patents. The company was created as a spin-off from **AudioFAX**, Inc., an Atlanta-based company founded in 1987, which is credited with pioneering many of the technologies now used in the enhanced fax industry. The **AudioFAX** team includes the intellectual property consulting firm of InteCap, Inc., the law firm of Powell, Goldstein, Frazer & Murphy LLP (licensing and litigation counsel) and Womble, Carlyle, Sandridge & Rice (patent counsel). Companies interested in obtaining a license to the **AudioFAX** patents may contact David Kennedy of InteCap at 404-874-0026 or dkennedy@intecap.com.
