# Catch Curve Announces Two New Licensees of AudioFAX Patents

Monday April 4, 8:30 am ET

ATLANTA--(BUSINESS WIRE)--April 4, 2005--Catch Curve, Inc., an intellectual property development and licensing firm, today announced that both Glenayre Electronics, Inc. and Interactive Intelligence Inc. have licensed the AudioFAX(TM) patent portfolio.

Under the license agreements, both companies have obtained a non-exclusive, perpetual license to use AudioFAX's technology. Specific terms of the license agreements were not disclosed.

The AudioFAX patents cover a broad range of inventions that incorporate fax store-and-forward technologies. These technologies are used in products and services such as fax-to-email, fax broadcasting, fax-on-demand and "real-time" fax over the Internet.

Catch Curve recently acquired the AudioFAX patents and is continuing licensing the AudioFAX patents to the industry in much the same manner they have been made available over the last seven years. IPAC, an intellectual property licensing, investment and asset management company, is the licensing agent for the AudioFAX portfolio, as it has been over the life of this licensing program.

"We are pleased that Glenayre and Interactive Intelligence are new licensees of the AudioFAX patents, and look forward to continued success in licensing these pioneering patents to the industry," said Michael W. McLaughlin, a managing director with IPAC.

Since its inception, the AudioFAX Patent Licensing Program has licensed this technology to over 30 companies, including AT&T, MCI Telecommunications, Cisco Systems, Sprint, WorldCom, NEC, Cable & Wireless, 3Com, j2 Global Communications, Mitel, Captaris, Intervoice, LogicaCMG, Siemens, Premiere Global Services (formerly PTEK) and Boston Technology (now part of Converse Technology).

Companies interested in a license to the AudioFAX patents may contact Michael McLaughlin or Ryan Strong of IPAC at 404-874-0026, or via email at [mmclaughlin@ipassetcorp.com](mailto:mmclaughlin@ipassetcorp.com) and [rstrong@ipassetcorp.com](mailto:rstrong@ipassetcorp.com).

### About Catch Curve

Catch Curve, Inc. is an intellectual property development and licensing company focused on communications and messaging technologies based in Atlanta, Georgia.

AudioFAX and E-mate are trademarks of Catch Curve, Inc.
